

# Priorities for the State Training Plan

## Our vision

A well-funded, responsive and innovative VET sector that provides the skills required by WA industries for WA jobs and enables people to realise their full potential.

1

Promote skills to support WA's economic growth and diversification

Raise the profile of VET across industry and the school system

2

3

Grow the proportion of young people who are engaged in VET

Maximise participation in vocational education and training

4

5

Focus on regional training solutions

Support employment based pathways

6

7

Develop skills to meet the growing demand of WA's social assistance and allied health workforce

Enhance links between WA's industries and the VET sector

8
